HELLO!

The Lebanese mezze is much more than just food. It is a social gathering, a celebration of flavors, a shared moment. And because we love bringing people together, we have created **Mezeh**, a line of carefully chosen ingredients to help you recreate the magic of the Lebanese kitchen at home. Mezeh products include four varieties of ready to serve delicious Hummus in glass jars, smoky creamy tahini and the indispensable tangy pomegranate molasses.

They are all Vegan, free of preservatives, colorants and additives. A certified organic version of the Hummus and of the Tahini are now available as well.
